**VAŽNE INFORMACIJE O “PONOVNOM OTVARANJU” U NEW YORK**  
**COVID-19 JE I DALJE OZBILJNA BOLEST**  
**POKAŽITE POŠTOVANJE. NOSITE MASKU.**

Kako se New York ponovo otvara za poslove, još uvijek postoje ograničenja:

- Nosite masku na javnim mjestima
- I dalje ostanite kući što je više moguće
- I dalje izbjegavajte bliske kontakte sa ljudima izvan vaše kuće
  - Nemojte se grupisati (Bez zabava, bez religijskih službi bez društvenih okupljanja, bez košarke, fudbala ili ostalih timskih sportova)
- Perite ruke često sapunom i vodom u trajanju
- Nema nepotrebnog putovanja van naše regije

**VI IMATE VAŽNU ODGOVORNOST DA POMOGNETE ZAŠTITU KOMUNE**

Ako se ne pridržavate ovih pravila vi ne poštujete prva linija zdravstvene radnike i ostale radnike hitne pomoći.

Ovo je naša društvena obaveza. Ako radimo ono što treba sada mi možemo zaustaviti ponovno vraćanje COVID-19 virusa.

## IMPORTANT INFORMATION ABOUT NEW YORK “RE-OPENING”

COVID-19 IS STILL A SERIOUS ILLNESS

SHOW RESPECT. WEAR A MASK.

As New York State reopens for businesses, restrictions are still in place:

- Wear a mask in public spaces
- Continue to stay home as much as possible
- Continue to avoid close contact with people outside your home
  - No large groups (No parties, no-in person religious services, no community gatherings, basketball, soccer, or other team sports)
- Continue to wash your hands often with soap and water
- No unnecessary travel outside of our region

**YOU HAVE AN IMPORTANT RESPONSIBILITY TO HELP PROTECT THE COMMUNITY.**

If you do not follow these rules you are disrespecting “frontline” healthcare workers and other emergency workers.

This is our social responsibility. If we do what we need to now we can stop the COVID-19 virus from coming back.

**Remember: We’re in this together. Stay Home.  
Stop The Spread. Save Lives.**
