

COVID TESTING

CAN I BE TESTED?

Testing is free to all New Yorkers as ordered by a health care provider or by calling the NYS COVID-19 hotline at 1-888-364-3065. Testing for COVID-19 is approved for individuals who meet one or more of the following criteria:

- A person who has symptoms of COVID-19 (e.g. fever, cough, and/or trouble breathing), if the individual is 70 years of age or older, the individual has a compromised immune system, or the individual has an underlying health condition;
- A person has had close (i.e. within six feet) contact with a person known to be positive with COVID-19;
- A person is in either voluntary or mandatory quarantine;
- A person is employed as a health care worker, first responder, or an essential worker who directly interacts with the public while working;
- A person has had a possible exposure that requires testing – as determined by the treating clinician in consultation with state or local department of health officials;
- A person has other factors set by the NYS Dept. of Health based on home address, occupation, or other condition
- Any person who attended any of the recent protests across the state.
